- Title,
- Name, first name,
- Company / institution,
- Address,
- Email address, and
- Payment information, depending on the selected method of payment (e.g. credit cards, bank account information).

The purpose of processing the mandatory data is to identify you as event participant, to check the provided data for plausibility, to reserve a spot for your participation and to establish a contractual relationship with you. We also require your data in order to prepare name badges and lists of participants for other participants, as applicable, and to supply you with event information before, during, and after the event. This is done to ensure optimal participation for you and to allow us to plan the event and ensure that it goes smoothly.

We need your payment information to process the participation fee.

We process data at your request and for the purposes described by Art. 6 (1) lit. b GDPR to fulfill the obligations of the participation agreement and to execute precontractual provisions.

We will use your email address to inform you about similar events organized by us in the future only if you have expressly consented to this use of your email address or if we have informed you thereof separately when collecting your email address and have pointed out your right to object to this use at any time. To the extent that this use is not based on consent, the processing takes place on the basis of Art. 6 (1) lit. f GDPR. We have a legitimate interest in notifying our participants of other events also organized by us.

In the case of events for which a fee is charged, the personal data we collect for the event are, in principle, stored until the end of the standard limitation period of three years after the end of the year in which the event was held, and the data are erased after that. In the case of free events, we erase the personal data collected by us no later than six months after the event was held. Storage beyond the respective period stated takes place only if and to the extent that:

- we are obligated to store the data for a longer period pursuant to Art. 6 (1) lit. c GDPR based on statutory obligations of storage and documentation (especially Sec. 147 of the German Fiscal Code (AO)). In this case, the data are stored only to the extent required by the retention obligation.

- we use your email address, subject to the requirements set out in Sec. 7 (3) of the German Act Against Unfair Competition (UWG), to inform you of future events by email. In this case, we store your email address and your first and last names until you object to processing for this purpose.

If you register using an online form on our website, please also see our data protection information, accessible at [Data Protection - Fraunhofer IWS](#), that explains which data are already collected and processed as soon as you visit our website.

Moreover, as a research institution, we are subject to various requirements pursuant to foreign trade regulations (among them Council Regulation (EC) No 2580/2001). In order to properly comply with these statutory requirements, we use your first and last names along with your address and date of birth in order, among other things, to carry out sanction list screening. The processing is done pursuant to Art. 6 (1) lit. f GDPR. We have a legitimate interest in processing these data in this respect since otherwise, as the controller, we may be threatened with legal consequences.

c) Participation in an online event

If the event in which you participate is not on-site, but rather online (e.g., via video- and/or audioconference), the following instructions shall also apply.

To conduct the online event we use a technical service provider as processor, which processes the data according to our instructions. The provider of the online conference platform is **Smart Abstract GmbH**, Graf Moltke Str. 34, 28211 Bremen («Smart Abstract«).

In connection with participation in the online event, the following data may be collected:

- Access data: e.g., an individualized link through which you dial into the online event
- Content data: Contents of your contributions, e.g., in chats or in votes or files released by you. Image or sound recordings of you will be made only if and to the extent that you have separately consented to this in advance (Art. 6 (1) lit. a GDPR). The purpose as well as your consent to recording will be documented within the recording.
- Profile data: Data about yourself that you have voluntarily released in connection with the online event; for example, your name or your profile photo. Profile data are used for personalization, for tailoring contents to the interests of the public and for a more personal style of communication.
- Dial-in data: This includes, for example, the date and time of your dial-in to the conference and the time you leave it.
- Support /Feedback data: Information in connection with the handling of any troubleshooting tickets or feedback.
- Telemetry data: These include diagnostic data in connection with the use of the service, including the transmission quality. These data serve to improve troubleshooting, securing and updating technical service and its monitoring. The legal basis is Art. 6 (1) lit. f GDPR. Our legitimate interests are the provision of a secure and error-free service for online events.

Unless otherwise specified, the processing of the data is done for the technical and content-related execution of the online event, i.e., for the performance of the contract (Art. 6 (1) lit. b GDPR) and will be deleted after 90 days at the latest.

During the conference, the following information is visible to other participants who are not the organizer: Your name, profile photo and your chat contributions. We do not record whether you participated attentively in the event (e.g., whether you opened windows other than that of the online event, during the event).

If the online event takes place using the “Microsoft Teams” service, the following shall also apply:

The technical service provider is Microsoft Ireland Operations Ltd. in Dublin, Ireland (Microsoft), which works for us as a processor. Data storage takes place in the Microsoft Cloud, specifically in computing centers in the European geographic space. It is not anticipated to transmit personal data to a third country for reasons related to the operation of Microsoft Teams. Should you dial in from a third country, the processing ordered by us will be done using European computer centers in this case as well.

In providing the service Microsoft captures certain diagnostic and service data and uses these on its own authority for its own purposes. To the extent that Microsoft processes personal data in connection with its own legitimate business processes, Microsoft is the independent controller within the meaning of the GDPR for such processing. Particulars concerning the processing by Microsoft may be found at <https://docs.microsoft.com/de-de/microsoftteams/teams-privacy>

You may also participate in an online event based on Microsoft Teams even without your own Microsoft user account. If you do use your own Microsoft user account to participate, then additional data pursuant to the provisions of your Microsoft user account may be processed.

Your email response serves as confirmation that you are in fact the person who initiated the subscription. We will send you the newsletter exclusively if you have given your express consent pursuant to Art. 6 (1) lit. a GDPR.

You may unsubscribe at any time, e.g. via a link at the end of each newsletter. Alternatively, you may also unsubscribe by email via dsgvo.uk@iws.fraunhofer.de.
